HEAVY MEAT EATERS HAVE SLOW KIDNEYS

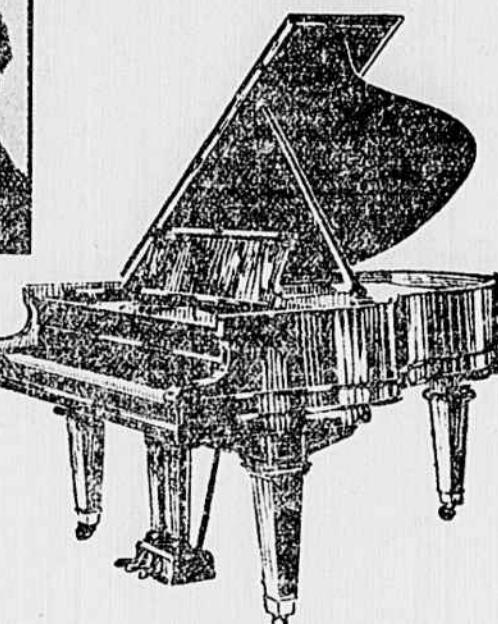

Eat less meat if you feel Back-
achy or have Bladder
trouble.

No man or woman who eats meat regularly can make mistakes by flushing the kidneys occasionally, says a well-known authority. Eat a mineral bath which excites the kidneys; they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood; then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, watery, full of sediment, irregular or passing through a sensation of scalding, stop eating meat and get about four cups of salt water from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of citrus fruits and lemon juice, combined with citric acid and has been used for generations to flush and stimulate the kidneys, etc., and to remove the acids in urine so it no longer causes irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent bath-water drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

During Lenten Season More Evenings Are Spent at Home, Requiring More Light to Be Used

It is the Company's desire that sufficient light and satisfactory service be supplied. Some of the lamps may be burned out and some of the sockets may be without lamps, or larger size lamps in some locations may be desired. The Company furnishes and puts in place, free of cost, carbon lamps, and earnestly desires that our customers drop a card or phone us, and our representative will gladly call, supplying the number and size of lamps desired.

The minimum bill for residence lighting is only \$1.00 per month, so that any increase in the number and size of lamps desired will not affect the monthly minimum bill for residence lighting.

We would also greatly appreciate it if the customer would advise, either by card or phone, if their service is not satisfactory, enabling us to promptly remedy the causes, it being the Company's earnest desire to render a satisfactory and efficient service at all times.
